

Dear Artist,

thank you for your interest in our upcoming exhibition series HAPPY DYSTOPIA.

Please find the application form, photographs and a floor plan attached to this email.

The application form consists of a fillable PDF file.

Möttelin, our project space, is a former pub. For exhibitions we use the barroom upstairs, and one room in the basement.

The downstairs room is a vaulted cellar of approx. 3m x 7,5m and 2,4m high in the middle. It is dry, has one small window, and can not be heated. During the winter months it can be pretty cool down there. We use the cellar for installation work, sound or video pieces.

Central to the space upstairs, is a long bar. We have two white, wooden walls: 5m between the two windows going to the street, and 8,80m on the back wall of the space. Those walls are suitable for hanging flat work and have some improvised but working lighting.

The photographs show the two spaces in a moment between bringing down one, and setting up the next exhibition. For more impressions, please visit our website or facebook page.

If you plan to work late in the space, there is a sofa to have a nap. Though, there is no shower or accommodation where you will have complete privacy. If you need help, we will be happy to assist you with finding an accommodation that suits you for the stay here.

Submissions must contain the following information in ONE PDF File
